Dear Desmond, 27.10.93

at last the Gremlin turned up, hope you like him. I have to find the instructions for him from my kit, there were none with this. I will send them in a day or two, along with a couple of back order Hobby Japans. I'll only charge you for the one if your interested in more just let me know.

Love is still on order, and our supplier said 'should be this week' she is worth the wait.

Regards Karina

P.S Ill put the postage in with the H.J's
